

# Memory Flex™

## Visco Elastic Foam Sleeper Mattress

### Premium comfort in a sleeper mattress

The difference is a top layer of conforming Visco Elastic memory foam and dense polyurethane foam to provide support, all topped with cushioning fiberfill.

#### Key Features & Benefits

- Responds to body heat to conform to your body contours for better support
- Supports your body, allowing tense muscles to relax comfortably
- Encourages proper posture, redistributing weight evenly, relieving pressure points
- Breathes, dispersing heat and moisture, helping you sleep better
- Unique recovering memory foam slowly springs back into shape
- Hypoallergenic
- For use in residential and contract applications
- Meets both 16 CFR 1632 and 16 CFR 1633 Federal Flammability Standards
