Cellphone use **NOT** prohibited during movie.

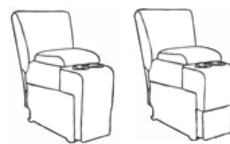

## Features & Benefits

- Gravity operated, multi-position mechanisms for a smooth, controlled reclining motion
- Add the Power option with built-in USB charger for a quick, whisper-smooth recline at the push of a button
- Our patent pending bracketing system prevents the units from being shifted and separating apart.
- Exclusive PerformaWeave® chaise pad technology provides a cooler, more durable and comfortable seating experience
- The Space Saver® reclining mechanism allows for positioning of recliner at the closest proximity to the wall in the market
- Convenient removable backs for ease in handling
- Durable hardwood frames that are doweled, screwed and glued for long-lasting construction
